

# RAIN BARREL PROJECT

**SAVE WATER!**

Collect rainwater to use for watering plants, outdoor cleaning projects, and many other uses. Rainwater collection is an ancient practice going back 2,000 years. Help prevent drought and reduce the strain on our municipal water system. Save water from wet days to use on dry days!

**BARREL ART**

We recruited local artists, art students, an art therapy group, and a Girl Scout troop to create amazing art on our rain barrels. Fourteen barrels are on display throughout Cary until the Spring Daze festival.

**EARTH DAY**

The Rain Barrel Project is in conjunction with the Spring Daze Arts & Crafts Festival. The Town of Cary's Earth Day celebration has been part of the festival for several years now. For 2011, we have conceived of a new way to celebrate both these events together!

**OWN A BARREL!**

All the rain barrels will be auctioned off after Spring Daze.
