

## Town of Cary Utility Connection Fees Schedule (Effective July 2004)

The following fees are charged when the Town of Cary makes a sewer or water service tap or installs a water meter only. The charges are for specific services provided.

Utility connections not included in the fees schedule will be referred to the Public Works and Utilities director. The director will prepare a costs estimate after consulting with the engineering director on engineering feasibility. Estimated costs must be paid in advance. Any difference between estimated and actual costs will result in a refund or an additional charge.
