

**Typical Costs for Non-Residential Water Customers
Cross Connection Control Program**

For RPZ

3/4-inch - \$1,500 with hot box; \$600 without hot box
1-inch - \$1,550.50 with hot box; \$610 without hot box
1 1/2-inch - \$3,500 with hot box; \$1,500 without hot box
2-inch - \$3,600 with hot box; \$1,500 without hot box

Testing - \$60

For DCVA

3/4-inch - \$1,450 with hot box; \$400 without hot box
1-inch - \$1,500 with hot box; \$410 without hot box
1 1/2-inch - \$3,400 with hot box; \$1,200 without hot box
2-inch - \$3,500 with hot box; \$1,200 without hot box

Testing - \$60

Note: Hot box typical costs above are for a heated, aluminum box. For a heated fiberglass hot box, deduct \$100 for 3/4-inch or 1-inch back flow prevention assemblies and \$200 for 1 1/2-inch or 2-inch back flow prevention assemblies.
