## Willow Creek Senior Housing

*DHIC (originally the Downtown Housing Investment Corporation) partnered with the Town of Cary to construct Willow Creek, a 53-unit, apartment community in Cary for older adults, ages 55 and above.*

*The Town provided DHIC supplementary loan funding through the CDBG program. The central location allows residents to walk to many nearby shops and services. The development features many amenities that encourage interaction among neighbors. Through a partnership with Resources for Seniors, additional community activities are also available.*

## CDBG - The Community Development Block Grant

Supporting neighborhoods and communities in Cary and across the US
