Waldo Street

Habitat for Humanity of Wake County has partnered with the Town of Cary for the last 15 years to provide over 50 new homes for Cary residents throughout the town. The project at Waldo Street provided 1 new single family home which followed the Habitat model of future residents volunteering to build in sweat equity during the construction of the homes.

The Town provided Habitat with funding through the CDBG program to help with initial acquisition of the lot.

CDBG - The Community Development Block Grant

Supporting neighborhoods and communities in Cary and across the US
