6.	# of participants	10 adults and 7 youth
7.	How was the Class advertised in the neighborhood?	Emails
8.	How did the class go? A brief description	<p>We had a very nice afternoon creating reuse art with materials from the Scrap Exchange and collecting special recycling items. The Scrap Exchange provided bins with several different discarded materials to be used for the project. Adults and youth participants got creative and made all sorts of interesting art work.</p> <p>We also collected shoes to be separated and delivered either to a Lufkin Road Middle shoe drive or for the Nike Reuse A Shoe program. Other items collected were natural corks and plastic #5 to go containers. These were taken to Whole Foods as they are not able to be put into our TOC recycling bins at this time.</p>
9.	Incentives/giveaways if any offered	All attendees were put into a drawing for two TOC Parks and Recreation gift cards valued at \$35 each.
10.	Any green event guidelines followed?	Most participants walked to the event. The food served was fresh fruit and the only food waste was compostable. Drinks were served in reusable cups so there was no unnecessary waste.
