Subject: **Holly Brook Water and Sewer Extension Project**

Dear OWNERWHOLE:

To ensure your safety and the safety of our contractors, beginning Monday February 12, 2018 Holly Brook Drive will be closed to through traffic from Brooks Cross Drive to the cul-de-sac as contractors work to install water lines in the area. In addition, Coralberry Circle will be reduced to one lane while a second crew works to install water infrastructure in that area.

Residents along Holly Brook Drive, Inkberry Court, Perney Court, and Coralberry Circle will continue to have access; detour signs will be posted for all other drivers to use alternative routes. While we will not be able to eliminate inconveniences, we are working diligently to ensure that they are as minor as possible. As we get closer to the start of construction, you may receive door hangar notices about work planned on your street or adjacent to your property.

In addition, I have attached answers to Frequently Asked Questions (FAQ) as well as instructions for connecting to the Town's infrastructure. Our contractor is scheduled to start installing services in late summer. Be sure to coordinate with a licensed plumber to determine if any upgrades to your home's water service is required prior to our Contractor connecting your home to the Town's system. Thank you for your support as utilities are installed in Holly Brook.

If you have any questions or concerns about the upcoming construction, please feel free to contact me at (919) 462-3836 or brian.drake@townofcary.org. You can also learn more by searching "Holly Brook Water and Sewer Extension Project" at www.townofcary.org.

Sincerely,

Brian J. Drake, P.E.
Project Engineer

Encs.
