

Questionnaire Results - January 2018
 Western Cary Neighborhood Parks

Please provide any other comments or ideas that you have for these parks
add viberent activities
go to schools and get kids to vote and track-out camps
We have a 4-yr-old so we spend a lot of time at parks.
Please do not use the parking lot configuration in Concept A for CFSR park. It is not fair to the residents homes across the road. Use the Concept B parking configuration.
tennis wall
By the time these parks are built we, and everyone in our neighborhood it seems, would have young teens and elderly parents. Teen play and wooded trail walks matter to us. One thing we do not want is more light pollution. We live close enough to Brooks Park and I-540 to see a lot of high-intensity white light coming in our windows at night. On a clear night we can count less than 6 stars. My autistic son finds the brightness particularly distressing, even with as close to black-out shades as we can find.
Ease of access will be key - sidewalks and greenway access along busy roads.
please think about a street hockey rink
LOTS OF NATIVE TREES!!!! Please don't cut down all the trees in the area, we are so fortunate to have gorgeous pine trees and it's a shame to see them being cut down to make way for smaller, deciduous trees in a 'buffer'
We can bike from our home to Sears Farm, Carpenter, White Oak and Davis Drive Parks, so something unique would make us appreciate this one more. I think it'll be the easiest to reach by bike, so we'll be there, but we'd love a feature like extensive marked trails through the woods or maybe an obstacle course or water play area. One thing we don't want more of is night time lighting. We can barely see a star or two at home from the USA Baseball lights at Brooks Park as it is. We definitely don't need any more light pollution.
any chance of single track mountain bike trails in the town?
Please keep wooded forests
Would prefer park access not be through Highcroft Rd but through CFSR instead
incorporate art!!! Include entry way to encourage neighborhood foot traffic
Frisbee / Disk Golf, Athletic fields for children - baseball, softball, soccer, lacrosse, etc. (this comment may refer to CFSR)
would love to keep more tree for shade and walking/running trails. Sports related activities would be great, like fields or courts
pizza swing, club house/inside
Name park Cameron Pond Park instead of Carpenter Fire
<u>Lighted</u> pickleball courts for summer evening use
Cary Tennis Park is 2t set up for kids practicing with their own instructor. It requires using their own instructors plus it is further away
This is great! Thank you.
Kids are 7 years apart so we like diversity of offerings

Shaded areas are key! For example at Sears Farm Park the younger child area has no shade except over a picnic table. The older kid play structure is under shade trees, as is the seating which allows use in the summer.

To have shadowed areas with canvas for the summer season. Benches for parents to be close to children. Little lakes. Space for food trucks on weekends.

The dog park would be the biggest draw.

bocce courts

Cricket fields - cricket is very popular in the Triangle and nationally. Cary does not have a field for the kids (apprx 120) and adults (approx 800) who are actively engaged in the sport.

pickleball courts should be consolidated in one park if possible

opportunity for overnight camping

communication pits, nature trail (unpaved)

lighting on courts

Pickleball is growing quickly & outgrowing current venues. Please consider this seriously.

develop a pickleball center, similar to the Cary Tennis Center

This park must be named Cameron Park as that is how the land came about and has been called that from day #1!!!

All the natural landscaping in West Cary is being demolished to build houses, houses, and more houses, in addition to shopping centers, upon shopping centers. West Cary used to be a beautiful area, now it is becoming a barren wasteland of high density developments and strip malls. What happened to the urban planning which was implemented when the Preston area of Cary was developed? A bit of greenery would be a welcome change. Try not to duplicate the "park" at Carpenter Village. That's a park? Where are the trees, birds, wildlife? Preserving nature helps all of us -- plants, animals and people -- and would make West Cary a more pleasant area to live in.

	What elements would you and your household members be likely to use when visiting one of these neighborhood parks?
1	A soccer field.
2	softball and soccer fields
3	batting cages, hammocks, trails, teen parks

Play tennis and basketball. Use the playground equipment.
playground, nature hikes, bike rides, and pickle ball.
The Marla Dorrel Park has one of the best playgrounds that caters to a wide range of kids, as does Pullen Park in Raleigh.
Greenways, Playgrounds
My children love playgrounds, "warrior" courses, walking trails. As a family we love gathering at the picnic shelters to have meals with friends and extended family.
Golf, biking, walking, basketball
We love playgrounds with interesting equipment that can be used in open ended ways by upper Elementary/middle school kids. We would love a community center on this side of town.
Pickleball, Walk dog
Walk, let the children play,
Play pickleball ! The fastest growing sport in America...and Cary !!!

Jogging and other active sports activities. Using wifi at a nice facility (like Bond Park with rocking chairs, picnic tables, etc.) Having a picnic. Flying drones and emerging outdoor technology-sports mixes. Like to watch local basketball. Comfortable chairs are critical.
Tennis and basketball.
Street Hockey. Baseball. Frisbee.
Play ultimate frisbee

ride bikes, exercise dogs, play on swings/climbing structures
playgrounds
Walk, athletic fields, playgrounds
Play tennis and basketball
Tennis & running
Walk, bike
Soccer fields or tennis courts
More like green walking trail with nature. If you connect the trail from Morrisville Park way to Highhorse road (behind Fryers gate) and from Wakana road it would be easier to connect from other end. Required walking trail without disturbing nature, if possible access to bikes, basketball, kids play center, possible add pond in center,
Playground equipment and enjoy outdoors
- Kid's climbers and swings - Paved pathways for scoters
Walk, Run, Biking, Enjoy the Shade the Forest. . .
walks, boating, softball
Walking
Run, bike, walk
Run, Bike, Mountain Bike, Kids on play equipment, ball sports, etc.
bike, walk, pickleball, would love to do frisbee golf but middle creek park is too far away
We like that Bond Park is shaded, and has activities for kids of many ages. We like swings, slides, climbing walls, and separated area for pets (I have asthma). Would love to see more soccer fields and tennis courts, as well as places for sailing/boating. Thank you so much!
Swings, climbing apparatus, playing in sandbox, throwing football and frisbee, riding bikes and scooters, flying kites and being able to sit and eat lunch/snack.
Dog walking, play tennis, play lacrosse, running, bicycling
PICKLEBALL
Lacrosse, walking, basketball, football

Walk dog/let dog run, tennis
My kids explore, climb, run, interact.
walking, biking, pickleball.
Recommend considering more than 3 properly surfaced pickleball courts(regular attendance has outgrown White Oak Park), and lighting would be awesome.
Walk, play tennis, swing and climb
Soccer, running and walking.
Walk and pickleball at white oak park
Walk, read, pickleball
Pickle ball
Pickleball
Pickleball, either playing games or doing drills.
Pickleball, Walking trails, Softball, Kickball
Pickleball, soccer, biking, hiking
Play pickleball.
Walk/hike, play softball and pickleball.
Tennis and soccer and running.
Walk, watch baseball games, bring my dog for walks
Play pickleball and ride bicycle.
Mountain bike and hike on natural trails in the woods.
Pickleball
tennis
While enjoying the trails, pavilions, etc., I would like to see more dedicated outdoor pickle ball courts added. The existing facilities in Cary are insufficient. These new parks would be a great opportunity to support this fast growing sport.
Walking trails (walking and biking) and playground.
Dog park, water features, rock climbing, baseball field
Mountain biking
Pickleball

Walking
Walk and play pickleball.
Our kids are older now (11, 12, 15) so when we go to some of these parks it is utilizing the picnic areas after riding our bikes to them from the greenways. Also, mainly utilize the various soccer fields or baseball fields.
If climbing structures were made for older kids (pre-teens and teens), our family would utilize them. Right now most parks climbing structures seem to be a bit adolescent for our kids.
Soccer, Walking, Bike riding.
Soccer
Tennis, Volleybal, basketball, badminton
Picnic, bike, run, kids activities, rope course
Basketball, Playground and cycling
Pickleball
Hiking
Play games with family and friends

walk, outdoor pickleball.
Picnic, Swings, Sand, Kid's Playground, Soccer Field
Anything golf.....our town needs a public golf course that the young People can play and get ready for college at an affordable price without having to join a private club. Also a putting area, range, etc....we are in golf country, lets prepare our young ones.....Thank you..
Soccer, rugby, walk dog, jog. Take kids to playground.
Mountain biking, hiking, dog walking.
We live in west Cary ZIP 27519 area. I take my 4-year old daughter to Kelly Road Park 1609 Kelly Rd, Apex, NC 27502 every weekend to use the free tennis courts(kiddie courts) to play tennis. Please build free kiddie/adult tennis courts in the two new parks near us. Thank you.

40	Tennis
41	Basketball, soccer, tennis as well as swings and a playground.
42	Pickleball and wide groomed dirt trails for running. There is such a shortage of both around town. We like to bike everywhere too so having a place to park bikes would be nice.
43	Greenways. Grassy areas. Nature trails.
44	Trails, grass area, picnic tables, playground
45	Walking paths and dog park.
46	Play equipment, Basketball courts, Scenic walks with paved trails, Splash pads for hot summer days
47	Walk, Children's play area
48	Biking to YMCA
49	playgrounds, walking trails
50	Playground, Shade, Trees
51	Shaded areas. Kids playground structure.
52	dog park, tennis courts, trail
53	Climbing structures (including structures for both toddlers/young kids and older children), swings, a splash pad, picnic tables. It would also be wonderful to have a couple of tennis courts.
54	Playground, open space, picnic tables
55	Trails (biking, hiking), Basketball courts, Tennis courts, Soccer fields, Playground.
56	A dog park! And continuing to connect greenways for biking. Also shaded play grounds.
57	Trail, pickleball court, basketball hoop
58	Playground with soft ground (no mulch)
59	Playground, trails and greenspace
60	Playground, frisbee, dog park if available
61	Paths for running, roller skating, biking, scootering. Playground equipment. Picnic tables. Sandbox. Climbing structures.
62	Shade, splash park, dog park, tennis courts!
63	Climbing ropes. Sand box. More nature space.
64	I would love if there was a splash pad! We visit a lot of local museums, playgrounds in our neighborhood, and parks—a splash pad would truly be unique for this part of Cary/Wake County. My children also enjoy climbing on nets and bars, and I don't think enough of our local playgrounds have that feature. Rubber grounds are wonderful for that. We recently visited Laurel Hills and enjoyed the zip lines immensely (that entire park was amazing! It was like a mini amusement park!).
65	Play area/slides activity for kids, walking trail
66	Splash pad, ninja warrior course, walking trails, climbing trees
67	Same as above (Ninja warrior type park, open field area to play, visit baseball fields, fly kites, host birthday parties)
68	Playground and tennis or pickleball courts if they are built. We will likely use both McCrimmon and Carpenter Fire Station parks.
69	Play Cricket
70	Kids' playground, walking paths
71	Tennis courts, Open lawn space
72	Outdoor movies, Playground, Tennis
73	Swings, slides (roly slides!!!), toddler safe equipment for little people, fenced in areas are helpful
74	Swings, roly slides, toddler safe equipment for little people, maybe a fenced in area, trails

75	Covered picnic shelter, Sprayground (water play), walking or jogging trails
76	Kids area and picnic shelters
77	Playground, tennis courts, splash pad
78	Playgrounds, Walking trails, Basketball courts, Splash pad for kids
79	Pickleball courts.
80	Note, equally interested in both McCrimmon and Carpenter Fire Station - we are equidistant and would need to drive (no way to safely bike there from our neighborhood). Also, please put in swings at the playgrounds. It is so difficult to find parks with swings. This is why we love Thomas Brooks park - it has swings! Given that we have Thomas Brooks park with baseball fields, I do not think we need more baseball fields on this side of Cary. The same is true for soccer fields. Elements for West Cary Parks: - Pool - year round (indoor) - Shaded shelter area with grills for group activities (birthday parties) - Swings - Shaded Playground Equipment and playground areas (climbing structure/slide) - Splash pad - Walking/biking/hiking trails - Shaded Sandbox
81	Would love to see some mountain biking trails in Cary. Also more Greenways and connectors so that bikers could ride longer routes. Raliegh has done a great job connecting most of theirs and people can ride a long ways with out having to get on roads. It would be nice to see cary do that and create more neighborhood connectors to the American tobacco trail and umstead.
82	Playground, walking trails, picnic area
83	Kids play area, Splash area, Tennis court
84	small area where local bands could play or an outdoor movie could be watched. a natural looking tiny tot area for imaginative play with t pees, logs, and a small stream.
85	Play equipment for ages 5-12, especially swings and climbing equipment. The playground structures at Hortons Creek Elementary (Kompan is manufacturer) are spectacular - they allow for creative uses and work for all ages. Please add tennis courts and basketball with lower heights for younger kids!
86	Playgrounds. A more complex playground is needed in the western wake area.
87	Waterpark and Mountain climbing
88	Swings, jungle gyms...
89	Splash pads, walking trails, warrior courses for ages 8+, tether ball and other interactive outdoor games. Elementary aged frisbee golf course would be lovely as well.
90	A municipal golf course or putting green!! Basketball courts, Teen-centered activities, Fitness equipment like the Parkour Park in Apex
91	We would use the playgrounds. We would love a community center with classes offered.
92	Walking trails and pickleball courts
93	We need a dog park in West Cary!!
94	Pickleball courts....
95	Anything that interfaces with the greenway.
96	Tennis and basketball.

97	Street Hockey. Baseball. Frisbee.
98	Walking paths. Dog park
99	playgrounds, sports facilities, walking
100	Off-Leash Dog Park is greatly needed on our side of town. Hiking and Biking Trails We would love to see the Greenways linked to other greenways so that we do not have to bike on the busy, dangerous roads.
101	A feature of the playground designed for older elementary kids. Climbing structure, swings.
102	Would like lots of trees left! Walking or biking paths with a playground and lots of shady benches
103	Trails, and exercise stations
104	Playgrounds, greenways, water features
105	Lots of native trees, shade and walking trails with benches, dog section, play structures.
106	DOG PARK! swings/play structures
107	Walking trails and lake, similar to bond park.
108	playgrounds for multiple ages, green space, picnic shelters, restrooms. In the future, the basketball/sport area.
109	Walking trails, Playground, Basketball, Tennis
110	Play tennis and basketball
111	Tennis,
112	Dog park
113	Tennis courts, Soccer fields
114	Specially walking in green trail and at least connect minimum 2 miles
115	benches, tables, dog poop bag station, garbage cans, swing set. would enjoy flowers, shrubs, trees, water feature.
116	Trees for shade makes the park more usable in summer. Also something different than the other parks like skate park area, hockey, etc
117	Playground, multi use trails, pavilion
118	- Leave considerable part of the wooded area. - Mountain bike trail accessible to young kids and teenagers in the two adjacent steep and wooded areas (areas 5 and 6 on the opportunities and constraints map). These trails make surprisingly efficient use o
119	Nature Hikes/Walks/Runs. I would prefer that the space remain as natural as it is today with no changes for development.
120	walking trails, playgrounds, field to play catch for softball
121	Walking trails, bird watching opportunities, DOG PARK
122	Disc golf
123	Playsets, Mountain Bike/Hiking trails, Tennis courts, Open field for play
124	walking trails, biking trails, frisbee golf (if it exists), pickleball
125	See above please. ("We like that Bond Park is shaded, and has activities for kids of many ages. We like swings, slides, climbing walls, and separated area for pets (I have asthma). Would love to see more soccer fields and tennis courts, as well as places for sailing/boating. Thank you so much!")
126	Climbing apparatus, biking area, sandbox, eating area
127	Tennis Courts
128	PICKLEBALL

129	dog park, field for lacrosse, bike trails, water bottle refill stations and dog fountain, basketball court
130	I would love to see the trail from Bexley Panther Creek apartments completed to the Carpenter Fire Station Park, and an off-lease area for dogs included at this location. There are so many apartments and condos, as well as single family dwellings within walking distance that a dog park would get quite a bit of use.
131	Pickleball
132	Playground, community center, athletic fields
133	pickleball
134	We would love to see some tennis courts as there aren't enough options for tennis at the local parks. Walking/hiking trails, areas for older kids to hang out and play
135	Basketball courts. Running/walking trail. Flat Open grass play area.
136	More pickleball courts...bonus would be lights!
137	Outdoor Pickleball courts, walking trails, with grandkids swings
138	Pickleball courts!
139	Pickleball courts.
140	Pickleball
141	Pickleball, picnic, walking
142	Picnic, Pickleball.
143	Pickleball courts, walking/hiking trails
144	Tennis courts. With no access to high school courts and public high schools utilizes the park facilities, it is impossible to get a tennis court after school to play with my kids. There is a need for more public courts in Cary.
145	Trails, dog park, athletics, water features
146	We will definitely like to play PICKLEBALL and ride bicycle.
147	trails in the woods
148	Pickleball
149	tennis
150	Walking trail, picnic area, concerts, craft fairs
151	Walking trails (biking and walking) and playground equipment
152	dog park, rock climbing, batting cages
153	Mountain bike trails.
154	Walking paths, Pickleball courts
155	pickleball courts,walking trails
156	Playground with more than just a swing set. A playground like the Kids Together Playground would be amazing. Sports facilities as well including pickle ball, basketball, tetherball, and hopscotch
157	Tennis/ Pickleball
158	Green space/open space.
159	Dog Park, Tennis Courts, Kids Sprinkler/Splash Zone
160	Playground, tennis, splash pad, dog park
161	Nice cushioned, rounded, undulating surfaces, some shade spots (we really need to keep trees for shade in our parks!!!), great merry-go-round, checkers/chess tables, musical activities, benches and pathways
162	Pickleball
163	1. Picnic Area with shelters and BBQ grills, 2. A community Garden, 3. Kids playground
164	Community Garden, Tennis Courts, Picnic Pavilion
165	Pickle ball Courts

166	Pickleball courts
167	Pickleball
168	Hello! I would love to see an extensive playground that is shaded that includes one of these engaging with your child type swings. https://www.gametime.com/expression
169	Pickleball
170	Pickleball courts.
171	Pickleball, walk
172	greenways to access them and mainly the soccer fields to play.
173	Trails, playground, fields
174	Tennis, badminton, basketball, biking, picnic
175	Dog Park, Playground, Basketball and Tennis
176	Pickleball courts hopefully with lights for night play in spring and fall
177	Courts, climbing structures,
178	Pickleball courts!
179	Sand Volleyball Courts, Open Fields for Ultimate, Dog Park
180	Pickleball courts
181	We'd love tennis or basketball courts.
182	Greenway, lawn for picnic, dog park, seating. DEFINITELY would like to see lots of trees in the park and native flowering plants
183	Playground, walking trail, track, splash pad, soccer fields
184	Softball and soccer areas, Walking trails
185	Soccer field
186	Tennis courts, picnic tables, bike pathways, restrooms, outdoor ampitheatre

245	Biking/ hiking trails
246	We live in west Cary ZIP 27519 area. I take my 4-year old daughter to Kelly Road Park 1609 Kelly Rd, Apex, NC 27502 every weekend to use the free tennis courts(kiddie courts) to play tennis. Please build free kiddie/adult tennis courts in the two new parks (McCrimmon and Carpenter Fire Station) near us. Thank you.

Playground Comments	Selection of Trails Comments
climbing structures, slides integrated into the hills, splash pad	teen play and wooded trail walks
structures that are integrated with nature, especially climbing opportunities	...safe walking trails...
walk trails, fields, open space, eating location and activities for older kids	walking and/or bike riding path, playground, splash ground
Rope structures for climbing, slides and swings	Nature trails, greenways, playground
Sandbox, climbing structure, rock climbing	Playground, wooded trails like at Bond Park, greenway connection.
Shaded play areas for summer, water features for splash play, open green space for play	shelters, greenways, sports areas
SHADED play area for kids, a 'Ninja Warrior' type course for older kids, splash pad during hot weather, misting stations to cool down, safe walking trails, type planting.	Greenway trails...
Splash pad, Dog park, Swings, Play structures, Sandbox, Shaded play areas, Trails	A soccer field or walking/riding trails
walking and/or bike riding path, playground, splash ground	Pickleball and wide groomed dirt trails for running. There is such a shortage of both around town. We like to bike everywhere too so having a place to park bikes would be nice.
Playgrounds, dog area, picnic tables, any water features	Greenways. Grassy areas. Nature trails.
Playground equipment while the kids are younger, but more sports fields as they get older	Scenic walks with paved trails, ...
Playground equipment (swings, slides, climbing structures), sandbox, walking/biking trail, shelter	Would love to see some mountain biking trails in Cary. Also more Greenways and connectors so that bikers could ride longer routes. Raliegh has done a great job connecting most of theirs and people can ride a long ways with out having to get on roads. It would be nice to see cary do that and create more neighborhood connectors to the American tobacco trail and umstead.
Kid play area (climbing, swings, slides, etc), sand, would love a water pad. For me: tennis, picnic areas.	Trails (biking, hiking)
Running trails, childrens play area, PLEASE ADD A SPLASH PAD/SPRAY GROUND!	Would like lots of trees left! Walking or biking paths with a playground and lots of shady benches
Tennis, basketball, climb trees, walk trails, & use play ground equipment	Trails, and exercise stations
Climbing structures (including structures for both toddlers/young kids and older children), swings, a splash pad, picnic tables. It would also be wonderful to have a couple of tennis courts.	Specially walking in green trail and at least connect minimum 2 miles
Paths for running, roller skating, biking, scootering. Playground equipment. Picnic tables. Sandbox. Climbing structures.	Hiking and Biking Trails We would love to see the Greenways linked to other greenways so that we do not have to bike on the busy, dangerous roads.
Climbing ropes. Sand box. More nature space.	benches, swings, trails, exercise equipment
I would love if there was a splash pad! We visit a lot of local museums, playgrounds in our neighborhood, and parks—a splash pad would truly be unique for this part of Cary/Wake County. My children also enjoy climbing on nets and bars, and I don't think enough of our local playgrounds have that feature. Rubber grounds are wonderful for that. We recently visited Laurel Hills and enjoyed the zip lines immensely (that entire park was amazing! It was like a mini amusement park!).	Playgrounds, greenways, water features
Play area/slides activity for kids, walking trail	Lots of native trees, shade and walking trails with benches, dog section, play structures.
Splash pad, ninja warrior course, walking trails, climbing trees	Walking trails and lake, similar to bond park.
Swings, slides (roly slides!!!), toddler safe equipment for little people, fenced in areas are helpful	
Swings, roly slides, toddler safe equipment for little people, maybe a fenced in area, trails	

Covered picnic shelter, Sprayground (water play), walking or jogging trails	
<p>Note, equally interested in both McCrimmon and Carpenter Fire Station - we are equidistant and would need to drive (no way to safely bike there from our neighborhood).</p> <p>Also, please put in swings at the playgrounds. It is so difficult to find parks with swings. This is why we love Thomas Brooks park - it has swings!</p> <p>Given that we have Thomas Brooks park with baseball fields, I do not think we need more baseball fields on this side of Cary. The same is true for soccer fields.</p> <p>Elements for West Cary Parks:</p> <ul style="list-style-type: none"> - Pool - year round (indoor) - Shaded shelter area with grills for group activities (birthday parties) - Swings - Shaded Playground Equipment and playground areas (climbing structure/slide) - Splash pad - Walking/biking/hiking trails - Shaded Sandbox 	
small area where local bands could play or an outdoor movie could be watched. a natural looking tiny tot area for imaginative play with t pees, logs, and a small stream.	Walking trails, Playground, Basketball, Tennis
<p>Play equipment for ages 5-12, especially swings and climbing equipment. The playground structures at Hortons Creek Elementary (Kompan is manufacturer) are spectacular - they allow for creative uses and work for all ages.</p> <p>Please add tennis courts and basketball with lower heights for younger kids!</p>	Play tennis and basketball
Playgrounds. A more complex playground is needed in the western wake area.	Tennis,
Swings, jungle gyms...	Dog park
<p>Splash pads, walking trails, warrior courses for ages 8+, tether ball and other interactive outdoor games.</p> <p>Elementary aged frisbee golf course would be lovely as well.</p>	Tennis courts, Soccer fields
A feature of the playground designed for older elementary kids. Climbing structure, swings.	Specially walking in green trail and at least connect minimum 2 miles
<p>See above please. ("We like that Bond Park is shaded, and has activities for kids of many ages. We like swings, slides, climbing walls, and separated area for pets (I have asthma). Would love to see more soccer fields and tennis courts, as well as places for sailing/boating. Thank you so much!")</p>	benches, tables, dog poop bag station, garbage cans, swing set. would enjoy flowers, shrubs, trees, water feature.
Climbing apparatus, biking area, sandbox, eating area	Trees for shade makes the park more usable in summer. Also something different than the other parks like skate park area, hockey, etc
<p>Playground with more than just a swing set. A playground like the Kids Together Playground would be amazing.</p> <p>Sports facilities as well including pickle ball, basketball, tetherball, and hopscotch</p>	Playground, multi use trails, pavilion
<p>Nice cushioned, rounded, undulating surfaces, some shade spots (we really need to keep trees for shade in our parks!!!), great merry-go-round, checkers/chess tables, musical activities, benches and pathways</p>	<p>- Leave considerable part of the wooded area.</p> <p>- Mountain bike trail accessible to young kids and teenagers in the two adjacent steep and wooded areas (areas 5 and 6 on the opportunities and constraints map). These trails make surprisingly efficient use o</p>

<p>Hello! I would love to see an extensive playground that is shaded that includes one of these engaging with your child type swings. https://www.gametime.com/expression</p>	<p>Nature Hikes/Walks/Runs. I would prefer that the space remain as natural as it is today with no changes for development.</p>
<p>Playground with soft ground (no mulch)</p>	<p>walking trails, playgrounds, field to play catch for softball</p>
	<p>Walking trails, bird watching opportunities, DOG PARK</p>
