

Uniform Sign Plan (USP) Airport Gateway 98-USP-002

These guidelines are published for informational purposes. A sign permit application must be submitted and a permit issued prior to installation of a sign.

USP identifier:	98-USP-002
Location:	Airgate Drive and Pleasant Grove Church Road (northeast of intersection of Airport Boulevard and Interstate 40)
Date USP established:	Sept. 24, 1998
Last modified:	July 22, 2004 September 4, 2009 July 2, 2010 <i>(minor adjustments to format)</i>

General Provisions of Uniform Sign Plan for this project

Logos are allowed so long as they meet the standards set by the Town of Cary Unified Development Ordinance. The logo cannot exceed the vertical height of the text, and cannot exceed 33% of the width of the text. When the logo is used as the primary message the logo will be restricted in size of not more than 45% of the size sign that would otherwise be permitted.
(Note: provision that logos be located to the left of the text was removed 9/10/09)

A sign may be erected, placed, established, painted, created or maintained in the Town of Cary only in conformance with standards, procedures, exemptions and other requirements of the Town's Sign Ordinance and/or any applicable Uniform Sign Plan (USP) for the property where the sign is located.

In situations where the specifications of a previously approved Uniform Sign Plan conflict with the currently adopted Sign Ordinance provisions, then the specifications in the approved Uniform Sign Plan shall control. Where a previously approved Uniform Sign Plan does not contain specific specifications on signage attributes (including but not limited to height, colors, placement, etc.), then the provisions in the currently adopted Sign Ordinance shall control. Further, a previously approved Uniform Sign Plan which lacks specific signage attribute specifications (including but not limited to height, colors, placement, etc.) may not be amended to include such specifications unless such amendment is in accord with the currently adopted Sign Ordinance.

A Uniform Sign Plan may be amended by filing a new sign plan with the Planning Department. Any new or amended Uniform Sign Plan (including those for planned unit developments) shall include a schedule for bringing into conformance, within 90 days, all signs not conforming to the proposed plan. This shall apply to all properties governed by said plan.

Ground Signs - Project Identification	
Quantity:	1 per major entrance
Location:	At major entrance(s)
Materials:	<ul style="list-style-type: none"> • Background - stucco • Sign cap – metal • Letters – not specified
Size:	<ul style="list-style-type: none"> • Height - maximum 42 inches above grade • Area - maximum 32 square feet per side
