Utility Connection Tap Fees - Definitions

The Town retains ownership of all meters, meter boxes, vaults, etc.

Type: Refers to the type of utility connection (water, sewer, reclaimed water, or future reclaimed water).

Tap Size: The diameter of the service line tap made into the main line at the connection point.

Full Tap: (All Types)

Includes the labor, equipment and materials needed to make the actual tap and connection to the main line and extend the service line to the property line. Fee includes meter, box and yolk assembly. Fee does not include street cuts or bore charges. Street cuts and bore charges will be added if needed.

Split Tap:

Existing Service - The addition of one or more 1” meters on to an existing service line that is large enough to handle the flow requirements.

New Service - At the time of a new service line connection, one or more additional 1” meters may be installed at the same time as long as the service line is of sufficient size to meet the flow requirements.

Meter Only: The cost of the meter, radio, labor and equipment cost involved in placing the meter in the box or vault. Fee does not include box or yolk assembly.

Well House: The installation of a meter outside a well house for basing sewer charges on the amount of water from the well. Includes the labor, equipment, meter and materials needed to install the meter.

Sewer Tap: Includes the labor, equipment and materials needed to make the actual tap and connection to the main line and extend the service line to the property line. Fee does not include street cuts or bore charges. Street cuts and bore charges will be added if needed.

Street cut, bore and sidewalk/curb cut fees are charged if needed:

Curb Cut - Cost to repair one 10' section of curb removed for the installation of a water or sewer service. Higher charges will apply if more than one section is removed.

Sidewalk Cut - Cost to repair one 5' x 5' section of sidewalk removed for the installation of a water or sewer service. Higher charges will apply if more than one section is removed.

Street Cut - Minimum cost of cutting paved street with minimal digging for water or sewer connection and for repairs to return section back to acceptable engineering standards.

Bore -When time or conditions make it impractical to cut open a street, a bore may be made. The current charge covers up to a 3" water bore or a 4" sewer bore. Any other size will be charged on an individual basis. Bore charges do not include the cost of a sleeve and will be more if a sleeve is deemed necessary under a state maintained road.

Repeat Call Fee: Charged anytime a second trip is necessary to perform a requested service, including repeat trips for setting meters and final acceptance inspections for fire hydrants.

Fees from the following schedule are charged when the Town performs a water, sewer, reclaimed water or future reclaimed water service tap or installs a water meter only. Any utility connections not included in the fee schedule will be referred by the Inspections and Permits Office to the Public Works Director who, after consultation with the Engineering Services Manager for engineering feasibility, will prepare an estimate of costs. The estimated costs must be paid in advance; any difference between estimated and actual costs will result in either a refund or an additional charge.

Utility Connection Fees Schedule:

Street cut or bore charges will be added to Full Tap services if needed

Vehicle, Equipment and Labor Charges, Per Hour:

Hazardous material emergency charges, natural disasters, and special events costs are charged according to the specific service needed. Most of the respective charges are detailed in this “*Vehicle, Equipment and Labor Charges, Per Hour*” section. For all services provided that are not specifically listed in that section, the Federal Emergency Management Agency’s (FEMA) schedule of equipment rates will be applied. Material and labor costs of personnel responding are not included in the FEMA equipment rates. The actual rates for personnel responding and materials utilized will be added accordingly.

Town-Wide Public Information Fees:

Any additional items distributed by the Town will be distributed for a fee that represents cost rounded to the nearest dollar.

There will be no charge for photocopies of documents, maps, or standard technical reports unless the cost equals or exceeds \$5.00. Staff has the authority to set minimum limits for all other items distributed.

A special service charge may be charged if the request requires "extensive use of information technology or extensive clerical or supervisory assistance". The service charge shall be calculated based on Generally Accepted Accounting Principles (GAAP) and shall reflect the actual cost incurred including, but not limited to, the cost incurred for the extensive use of information technology or the labor costs of the personnel providing the service.

Mailing Records Request:

When a request is made for copies of public records, such copied records will be made available for pick-up at the Town, unless the copying of the record is outsourced, in which case appropriate arrangements for pick-up should be made. If a requester desires the copied records to be mailed to them, costs incurred by the Town of Cary for mailing records in response to public record requests will be the responsibility of the requesting party. Costs will vary depending upon the size and weight of the package

and the method of mailing chosen by the requester. Unless otherwise requested, records will be sent via first class U.S. mail and cost to the requester will be based on the current rates.
